## **II. Background**

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), we invite public comments on permit applications before final action is taken. With some exceptions, the ESA prohibits activities with listed species unless Federal authorization is issued that allows such activities. Permits issued under section 10 of the ESA allow activities for scientific purposes or to enhance the propagation or survival of the affected species. ESA permits cover a wide range of activities pertaining to foreign listed species, including import, export, and activities in the United States.
